

Milo School News

May 2024

Principal's Point

June is here and our year end events are in full swing with many activities planned over the final few weeks of school. Please review the important dates in the newsletter to ensure you know what is happening as we wrap up another great year! I encourage all families to begin, or continue, a study routine as we move into June. Set up a designated time every night for some review to prepare for our end of the year assessments so that students can cover a small amount each day. As a reminder, students in grades 6 & 9 will continue to write PATs in June and other classes will also have final exams and review assignments to prepare for.

Our year-end awards ceremony will take place on June 26th, starting at roughly 11:00am and we are hoping that many of you will be able to attend. We then invite all families to stay and play! We will continue the tradition of a year-end water fight following the awards ceremony and will end the day off with a BBQ lunch provided by Canadian Natural Resources Ltd. This should all end by 1:30pm. Though June 26th is a full day, and buses will be running their regular 4:00pm schedule, families wanting to take their students home after lunch can certainly do so.

I want to end with a sincere thank you, to each of you, for your involvement and support throughout another incredible year at Milo School! I am so appreciative of the ongoing support that the community gives our school in everything we set out to do!

I hope you all have a fantastic June followed by a summer to remember!

Dakota Mattson

Spring Flower Fundraiser

The Milo School Spring Flower Fundraiser was another huge success! Thank you to our volunteers, **Tracy Mozil, Alison Collins and Mealane Deitz**, for helping unload and sort all of the beautiful flowers. The gym looked so pretty and smelled so nice. Thanks so much to the community that continues to support our fundraising efforts.

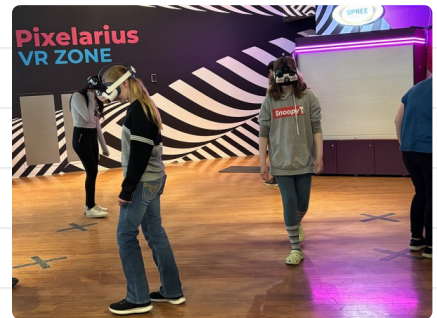

Hats on for Mental Health

Telus Spark Science Center Field Trip

Ask your child(ren) what was their favourite part of the science center field trip. The bed of nails and VR games looked very popular along with the outdoor play space.

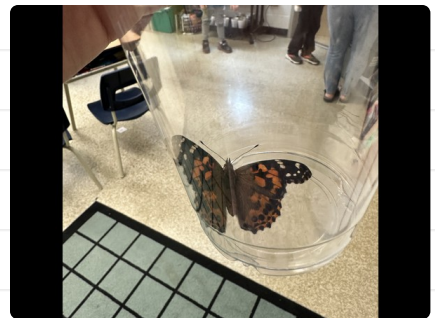

Science Classes with Ms. Kirk

Eggs

Larvae

Butterfly

Reminder to Parents and Guardians!

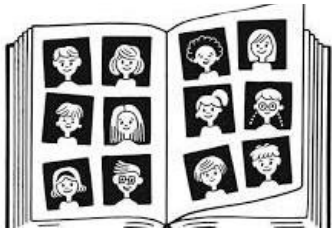

All field trip forms are now on Edsby. Please log in to Edsby and check for notifications for a request for approval.

These 4 aced their Grade 1 Orientation!

Yearbook Pre-orders

The Milo School 2023-24 Yearbook will be for sale by pre-order only. The pre-order deadline is Monday, June 3rd. The books cost \$30 and payment can be made by chq, cash or e-transfer to:

milo_officestaff@pallisersd.ab.ca

Make me laugh!

What's made of leather and sneezes?

A-shoe

Thank You!

To the parents and guardians volunteering to help out with our field trips. Your assistance and support is very much appreciated and the kids enjoy your company so much.

To Celia Lahd for choosing Milo School for her Library and Information Technology Diploma practicum. She spent 3 weeks at the school helping Ms. Schneider in the library and creating fun programs for the students.
